

Prosecutor Management Institute: Elected Edition

December 3-4, 2019

Lakeway Resort & Spa in Lakeway, TX

6.75 hours of MCLE & limited enrollment

TDCAA formed the Prosecutor Management Institute in response to a growing need for quality management training built with prosecutors in mind. Our first course, Fundamentals of Management, has been a huge success, having been delivered across the state to prosecutors and staff. Unfortunately, our delivery model has made it difficult for some offices to participate in the training. We are advancing new methods to reach more members, and our first effort will be tied to this year's Elected Prosecutor Conference in beautiful Lakeway, Texas. Open only to elected prosecutors, our "Elected Edition" of management training will be a specialized version highlighting portions of our full training suite. In this 1½-day training, district and county attorneys will receive a high-level, content-packed dose of professionally developed training curated specifically for them. Using state-of-the-art assessment tools and materials, attendees will:

- gain insight into their own behavioral inclinations and recognize those inclinations in others,
- develop skills designed to harness the natural talents of their team,
- examine and understand the value of employing alternative conflict-resolution styles,
- identify the core competencies necessary to effectively manage themselves, their team, and the organization, and
- learn and practice methods to effectively reinforce, correct, and improve their team's conduct.

This course will immediately precede our Elected Prosecutor Conference and take place on December 3 and 4. Please note that registration is separate from the Elected seminar, and seating is limited and will be based on the date of registration. Enrolled attendees will receive an email with links to two online assessments shortly after the November 8 registration deadline. The assessments must be completed prior to the course, but they will not take more than a few quiet minutes. Cost of this program is \$350 per attendee. Due to the content density of this program, attendees must plan to be present for the entire course.

What people are saying about PMI:

"This management course is exactly what has been needed in our profession for a long time! The Prosecutor Management Institute should be mandatory training for any elected prosecutor, as well as any supervisor who manages other prosecutors."

—Jarvis Parsons, District Attorney in Brazos County

"When you first mention management training to people, they think of holding hands around a campfire, roasting marshmallows, trust falls, and touchy-feely topics. PMI is not like that. Instead, it is like getting a tool belt with a lot of tools."

—Laura Nodolf, District Attorney in Midland County

Registration for this seminar and hotel information is at www.tdcaa.com.

It requires separate registration and payment from our Elected Prosecutor Course, which runs December 4–6 at the same hotel.

The deadline to register is November 8, 2019.
