

YOUR RIGHTS AS A CRIME VICTIM

You are listed as the next of kin in the case referenced above. I am the Victim Assistance Coordinator (VAC) assigned to assist you. I can help you with information about the status of your case, with completing paperwork, and can accompany you to court. Please call or email me if you have any questions or if I can be of assistance.

Your rights as a next of kin in the case listed above are important to Harris County District Attorney Sean Teare and the Harris County District Attorney's Office ("HCDAO"). We know that you did not ask to be a crime victim, and are committed to helping you with compassion and care during what may be a very difficult time. For information regarding your rights as a crime victim, please visit the Harris County District Attorney's Office website at

The defendant or someone on the defendant's behalf may try to contact you. You do not have to speak with anyone representing the defendant. If the defendant or someone representing the defendant threatens you or tries to intimidate you, please contact law enforcement and the prosecutor assigned to your case.
